FIRMA CASA

With automotive traits and the guarantee of comfort, the Lounge Chair Maserati was inspired by the bold design of the model Quattroporte by the Italian automaker Maserati. The limited-edition seat was presented by the furniture shop Firma Casa, in the city of São Paulo, and brings the refinement of materials used in the car, such as stainless steel nichrome and the coat padded with Extra99 leather. Where to find? The showroom of the high-end design store Firma Casa is at Alameda Gabriel Monteiro da Silva, where one will find the best furniture.

## Décor Vision FASHION FURNITURE ↓

Since an early age, the French Guillaume Alan has been immersed in the universe of architecture and decoration. His parents were architects and his grandmother owned a Parisian antique store. And even having studied in a Business school for years, his passion for design was stronger. At the age of 24, the young interior designer opened his own boutique, in the heart of Saint-Germain-des-Prés, and he soon had his simple and monochromatic style well received by the national and international critics. In addition, Guillaume is known by his close relationship with fashion. Several items by the designer are immortalized in campaigns for brands such as Chanel, Yves Saint Laurent, Tom Ford, Balenciaga and Dior. [www.guillaume-alan.com](http://www.guillaume-alan.com)
